Woman Declared Insane

Mrs. Grace Jordan, whose home is south of Brady, had a hearing before the board of insanity Wednesday and was adjudged insane.

Mrs. Jordan, who is past fifty years of age, was divorced from her husband two years ago. She had grieved too much over this, and this, together with religious matters so unbalanced her mind that she became so affected that a constant watch over her was necessary, although she was not viciously inclined. Since her divorce she had made her home with her daughter, Mrs. Sam Norlander. The family considered that she would be better off at the state institution and asked that the hearing before the board be made. Mrs. Jordan was taken to Hastings Wednesday.

ANNOUNCEMENT

I now have the agency for Dodge Brothers' Motor Cars for western Dawson County, Lincoln, Keith, Arthur, McPherson and Logan Counties. I have already established a salesroom and service station in both Gothenburg and North Platte and will carry a full line of Dodge parts at both places at all times.

I believe in the pride of the manufacturers of Dodge Brothers' cars, and in their ability and their resources, all of which, with an absolute disregard of the cost of quality, has resulted in the Dodge Car of today.

I believe in the Dodge Brothers' car, for I have sold them from No. 946 to the car of today which numbers over 90,000. I have driven them thousands of miles, I have tested them in every sensible way with most agreeable results. I have tested their economy and found them cheaper in operation than many lighter and lower priced cars. I have tested their durability and found that they stood up against the most severe abuse, and to be more free from mechanical troubles than any car I have sold, regardless of price. I have found in it, the ideal all-purpose car for the ordinary family.

I believe in selling good cars, and in giving good service to my buyers. I will sell no car for which I am not able to supply those parts at a reasonable price. Maybe you did not know that Dodge repair parts are so reasonable in price that you can buy all the parts and assemble them at the price of the car. And not only am I carrying these parts for you, but every agent has his stock of parts at your service when you make a little trip, which all means that Dodge service is now nation-wide.

I desire to meet every owner of a Dodge car in my territory, also to have them meet my mechanic who has been with me since we sold our first Dodge car, and who can probably give you his best advice as to the use and care of your car. We want you to have the benefit of Dodge service, which we expect to make the best service to owners available to car owners of this territory.

Come in and meet up with us, all of you, owners, prospects and visitors and let us get acquainted with you and you with the Dodge Brothers' Motor Car.
